"Jane and Sienna are excellent to work with. The animal ambassadors program has to be the most unique and incredible part of holding your wedding at the Zoo. I highly recommend a penguin! You just can't beat the photo opportunities. From the animals to the old tiger cages this is such an incredible venue to hold an event. If you are looking for somewhere a little different for your wedding I can highly recommend the MD Zoo!"

"Words can't begin to express our satisfaction and sheer joy having our ceremony at the Maryland Zoo. Jane and Sienna were the epitome of professionalism! Not only did they assure us with their confidence, but they made us feel like we were long time friends. My husband and I truly appreciate all their hard work and warm attitude. One important deciding factor for us is that the Maryland Zoo is very LGBT friendly. If you are planning a same-sex wedding, the Maryland Zoo well worth checking out.

I give my highest recommendation to hold your wedding there. The grounds are astonishingly beautiful! The Mansion house is roomy and very accommodating. The Lake House pavilion added the perfect backdrop to our ceremony. As an added bonus we had a special guest: Tails the penguin showed up to our cocktail hour and charmed our friends and family.

If you are unsure if you want your wedding at a zoo, just make one appointment to talk with Jane. She'll win you over in heartbeat."

“We would absolutely recommend this venue to anyone who is looking for a beautiful space and a little twist that will keep your guests talking! It has all of the traditional elements that is desirable about a wedding venue, but the option of getting “animal ambassadors” to make an appearance at your wedding is amazing. Our guests loved interacting with the penguin and the raven and we received so many compliments on how fun the wedding was. Many people said that they felt like they were no longer in the city with how green and beautiful everything was. Jane, the organizer is outstanding and helps ensure that every detail is correct and in place before the big day so you can just relax and go with the flow. We really can’t thank her enough for her invaluable help and keeping us on track!”
