WATCH**

Can you find these signs* as you navigate your way through the Zoo? We've created this map, and added some discussion topics to help guide you on your wild adventure.

*Reminder: each sign has a corresponding video on our website for you to view before, during, or after your trip

BEAR

What do you think the bears eat?

Do you think polar bears and grizzly bears eat the same types of foods, or different foods?

SNAKE

What other animals do you know who like to rest during the winter like reptiles in Maryland?

How do you like to keep warm on cold days?

OTTER

What other animals communicate with their sense of smell?

How is the water in this exhibit different than the water in other exhibits?

CHIMP

What enrichment do you see in the exhibit today?

What adaptations do the chimps have that allow them to use this enrichment?

RHINO

Like you, sometimes the animals need medicine. How do you think different types of animals take their medicine?

What kind of classes in school do you think a Veterinarian needs to be successful?

FLAMINGO

Why doesn't the flamingo water need to be clear?

How do the various animals in the Zoo use water in their exhibits?

GIRAFFE

Why would be important to help the giraffe stand still?

What do you think is the hardest part of trainers job?
